

LYON TWP.FIRE & EMS
Report to the township board Year 2021/2022

It is the pleasure of your Fire & EMS department to present this annual report.

As we all know prices are rising on everything, not knowing where we will be into 2022/2023 budget. Makes this budget a real challenge because of costs that we have no control over.

I have always looked for ways to reduce costs, and this budget again we will work on cost savings. But I will not cut costs on your firefighter's safety.

Like every where covid has played a big part in our operations for the past two years.

Highlights of 2021 for your department are

1. Auto Loader purchase for our Ambulance, saving possible back injuries to personnel.
2. Thermal camera purchase, we know have 9 TIS's making it much safer for personal to do any operations not just fire but search and rescue, hazmat, water rescue, Ice rescue, lost person.
3. We changed Fire/EMS soft wear which will reduce our cost by 1100.00 per year and reduce our billing cost from 8.5 % to 7.0%
4. We as a county are moving forward with MABAS (mutual aid box alarm system) which will allow central dispatch to dispatch units automatically for box alarms each department enters into the CAD system based on the area of their township.

5. Also moving forward with mental health / health and safety plan for all personal, which began in 2022

We are going to keep the department moving forward with our major goal being Firefighter safety as always.

We are updating our training program to meet the new training standard the state changed this is starting October 2023.

6 Looking to sell old ambulance that will save us \$17,000 a year to budget, we do not use this ambulance due to low calls for service.

Looking ahead to 2022

1. Specking a new Engine.

2. Reducing our ISO rating.

3. Work with Building inspector to map unsafe buildings for fire fighter safety.

4. Recruitment.

5. Public safety education.

It has been really nice to work with a board that works together.

Again, it's is our pleasure to present this annual report.

Your fire/EMS department.
