

Public comment Questions and [answers \(-\)](#) from the previous Lyon Twp. board meetings.

We hope we have more details on which Township each resident lives in for our future meetings

December 2nd Special meeting

GLUA chair Jim Barnwell asked to meet soon for engineering contracts to be discussed by the GLUA board

- We will meet in mid-January, date to be determined.

John Barta- disappointed in many things. GLUA Lyon Twp appointments credentials, who, what when and why. Also not appointing Jim Kauffman. Martha Barta also made that request later in the meeting.

- Point taken John and Marth. As is the practice of “at will”, the Lyon board decided who would serve as new representatives on the GLUA board

Jim Kauffman(sp) asked the Lyon board to reconsider the decision to not appoint him to the GLUA board 50/50 position.

- Point taken Jim.

Sue Gelderbloom asked if the new GLUA appointments had read the “engineering report”

- Supervisor Bertrand and Trustee Monet have reviewed every piece of GLUA, HLPOA and HLF sewer supporting literature we could obtain over the last 3 years.

Phil C. (GLUA board member) questioned GLUA appointee time frames, believed them to be staggered in the GLUA by laws.

- As the Lyon Twp board, we have the right to retain or dismiss any persons serving Lyon Twp. on boards or committees at any time. All township employees, even under contract, also serve at the will of the elected boards.

Tammi Wood expressed her desire that any questions to the board be answered.

- The board explained that our intent is that all questions be answered and read off at the next board meeting with pertinent information being moved to a FAQ’s page. This document is the first in that effort of transparency.

John Davis offered to take any or all board member, anytime, on a tour of STEP system in operation.

- Thank you, John. There may come a time when I am interested, but that time is not now. Of course, other elected board members may take you up on the offer sooner than I.

Roger Bloomfield, Dan Richardson and Sam Boodooian Jr. also made comments (not necessarily questions) in support of, and against, the Lyon Twp Boards action in this meeting.

A resident also asked that we use the name plates designating which elected Twp Board positions each board member served as.

-We hope to not forget to have them out in the future, very good suggestion! Thank you
